Indiana has a wealth of wildlife that Hoosiers enjoy and benefit from every day, but wild animals can sometimes come into conflict with people. The Indiana Wildlife Conflicts Information Hotline can provide information on how to live with wildlife, what to do if you find sick, injured, or orphaned wildlife, and advice on how to manage conflicts with nuisance wildlife. Wildlife professionals are on hand from 8 a.m. – 5 p.m., Monday through Friday, to provide expert advice and information on damage management, control techniques, and other resources.
